“ I am sorry to remind anyone, of the pain of loosing, "Grey Wolf". But I have to tell our tale.

I met Cal, while he had his shop in West Bend, 17 years ago, at 42 years old. I had come to him, because I had finally realized, that things I "saw/felt" might be real, and I was not as crazy, as some people thought I might be. He listened. He also told me, I was right. I could feel he was really listening, not like a shrink, waiting for their turn to to guess what drugs you need.

It didn't take long for us to become, "friends", at least in my heart.

I've dreamt of getting the money to come up to find/see him. But in life, if you wait, you may miss out.

I loved Cal, in my way, and I felt he cared for me. But I got "lost", again.

I'm sure he knows, all of what I feel, for him. But I wanted to try, in a nonsensical way, tell family/friends, that in my heart, He will always be a great man. A great mentor. A great friend..

Again, I send my love, and maybe some Reiki, your way. He is on the most wonderful journey now. I will find peace, in time, in that.

Sorry about my rambling.

“ Cal, or as some of us also called him Graywolf, will always have a place in our hearts. He helped me through some very hard times when I was divorced, he helped me to realize that I could make it on my own. Then helped me heal after my surgery. Late he helped my dad prepare for passing on. Cal will always be in my thoughts and prayers.

“ Cal is the bravest man I know. His positive attitude facing hardship and pain taught not to sweat the small stuff and he lived the Reiki principle, "Just for today" I love you Cal, today and forever.

“ Cal has a heart of giving so much to others. He is also a wonderful healer of the physical and spiritual. He always sees the whole person, not just the parts. Nijii, may your new journeys take you to even greater learning and understanding.

“ Cal I will miss you. You always had my back, and we shared many discussions and lessons. You have a special place in my heart.

A heart with love left to give
A soul with life left to live
So full of color, not one defined you
I wish I had one more day
So much that I'd want to say
So much that I didn't take the time to
