“*Mr. Laplante was a kind, gentle soul, who was very generous. Every summer, I would find cucumbers in the mailbox fresh from his garden, frozen fish, and a week or so before Christmas a 2 pound box of chocolates from Dan's Minocqua Fudge! A special treat indeed! This summer, while signing for a piece of mail, he told me that he probably wasn't going to make it to Christmas this year. He asked me to wait and brought out a handmade wooden sled decorated for winter; his last Christmas gift to me. I am thinking about and praying for the Laplante family and I am grateful for the kindness shown to this humble mail carrier. John 3:16.*
