“ Dearest Grandma,
Sarah and I have come up here for the weekend and as we were driving I reminded her that it was six years ago today that you left us. I know you are at peace and have joy at being reunited with your true love and in being with our Lord. But I still miss you so much here. We are going to pay tribute to you and Grandpa shortly. I shall love you forever, may you continue to have the peace and love of our Saviour wrapped around you.

“ Hi Grandma. I've been thinking about you so much lately. I miss your laugh and your sense of humor. I miss bringing you cookies and visiting you. You are the sweetest funniest woman I know. I feel so lost when I can call you or give you a hug, but I know you are with us still. I listen to a lot of Blake Shelton too ;) I just want you to know that I love you so much and am so grateful to have such fond special memories of up north. I will bring my kids and my future family up there someday too grandma. they will love it, and I'll tell them all about you and how "they would have really liked you".
Thanks for watching over us all and keeping us safe.

“ Dearest Grandma,
I couldn't help but think of you on this last trip up to Minocqua....it's you everywhere! The movie theater where we would walk and catch the 'show'...got to re-visit your final resting place in Big Arbor Vitae Lake, and I thought how grateful I am that you and Grandpa turned up north into such a legacy for all of us. I have so many fond memories of taking walks down the road with you and Minnie's dog, Missy. Even though your cottage has been physically altered, to me, I can see you and Grandpa and Mom and Dad with all of us kids enjoying a meal at your painted red picnic table in the front of your cottage. It is still such a place of great memories. That will never change. Just like my never-ending love for you, Grandma. I miss you so much and all I have to do is look around Minocqua and I can think of happy times past that I spent there with you. Missing you always, and loving you always. May you continue to be in great peace.
Love Sandy

“ Still miss you so much, and miss driving up north to see you. This is the first winter in such a long time that I haven't been in Woodruff. What I would give to give you one more hug, make spaghetti with you one more time, run errands for you just once more. You are still so loved ! Rest in great peace, you were a great lady Grandma!

“ You gave us such great love while you were here with us, and I guess you spoiled us! I can't stop thinking of you or remembering all of our special visits together. I remember you everytime I make spaghetti for dinner! And everytime I was my beddings because I remember how much you loved to sleep in clean, freshly washed beddings. I love you so much Grandma, miss you so much, but I was so touched by Shannon's dream, I have to believe that was you reaching out to all of us. God Bless You always!

“ GrandMom - It has been two years since your passing. I can't tell you the love and tears I feel everytime we get near Minoqua. What a legacy of love, honor, respect, courage and acceptance you've given us -even from Heaven. I can feel your love. I know you are with me on my troubled days. The quilt of yours that I wrap around myself when I'm missing you or just need your love comforts me and sometimes as strange as it sound, I can smell you. I know you are with God and he tells us those of us that believe shall not die but shall have everlasting life. Loving you forever!
