“ I just found out of Carol's passing today. She was my step-grandma...but just Carol! She was always FABULOUS! She dressed herself up and was ready for the world! She always cooked like a chef that could compete in a reality show and kept a beautiful home. She was truly the hostess with the mostest and will be missed. It was an honor to have you in my life growing up grandma Carol... I wish I would've made it to see you before you passed. HUGS to Heaven.

“ I met Carol about 50 years ago in Elmhurst, IL. I was just a kid. She, a young woman. She befriended me and loved me when no one else seemed to. Carol cared, just because. She loved me for me, not for who she thought I should be. We remained in touch and her love never wavered. She was the one loving constant in what was, for me, a troubled and painful life growing up. I have always felt that Carol's unconditional love saved my life. I loved her very much and can not convey how much I will miss her. My love and condolences to Thomas and the rest of her family.

We were saddened to learn that Carol has left us. She was such a great lady and wonderful artist also. We will miss our annual dinners with her and Tom. But at least her suffering is over.
