“ *Sister, I miss you a lot, I wish you were here with us., but I know you're at peace w/ no stress & no worries. I just wish you could give me advice everyday like you use to or give me one last hug. I just miss your laugh, your smile, your hugs, your stories, I just miss YOU & everything about you. I hope you know I love you & think of you on the daily. Remember when you called me sexy bot? That was one of my favorite memories w/ you or when grandma told us we might as well sew our bodies together side by side? ugh I miss you, grandma & everybody it's hard knowing I lost most of the people that are close to me besides the family I have left. “ Sister,
I still can't believe you're gone,
I miss you like no other,
Since I lost you apart of me has been gone too, My other half I still
don't know what to do without you, You've always been in my life, I
just wish I could look into your eyes.
We claimed each other as sister but,
The creator made us cousins because our parents wouldn't be able
handle us as sisters, You'll always be my ride or die until the end of
time, my partner in crime, I love you always and forever, This isn't
good bye it's see you later until we meet again.
