“ *Mary and family, so sad to see Daniel's passing in the Lakeland Times. Your family was always so friendly and welcoming. I miss those days visiting. Hope you are well. My sincerest sympathy.*

“ *While I moved away when I was in the 8th grade I always remember the great times we had together. Building the "fort" in your backyard out of railroad ties and the fun we had playing in it is still one of the great memories of our friendship in those early years of our lives.*
Rest in peace my friend.
