“ When i had first met ed, we were sophomores in mr. Ropers history class. Ed walked up and sat down next to me and smiled and introduced himself. He saw me drawing a robot for my art class and said can i help. I said sure, so ed started giving me ideas on what kind of trinkets to add to the robot i was drawing. He had the most outrageous but awesome ideas and when my robot was done and turned in i got an a and i shared the a with my new and one of my now, oldest friends. Ed. As i knew him he liked to laugh and tell jokes and inspire others around him but could be kind of shy at times. He always had a new joke or silly bit of knowledge as we met in class or at lunch. He regularly participated in our lunch time arm wrestling competitions and had a great bit of strength, both mentally and physically. I am glad to have known ed and have spent time with him. He was a true friend and will be missed. Thanks ed for the laughs, knowledge and the help we shared in our years that we had known one another.

To ed's family, you are in our prayers and i am truly sorry for your loss. We will keep you and ed in our prayers.

God speed ed

Your friend

“ I remember playing football with Eddie out at North Lakeland and seeing him from time to time in Boulder. Always had a smile and seemed to be enjoying himself. A very kind soul.
