“ Remember the smells and sounds of my first visits to the Dr. and knew because they were friends that everything would be OK. The medical impact has passed from your mom and dad to my mom (Becky Ward) to Joann and now to my daughter who will graduate from nursing school soon, like ripples in a pond, we all touch others. God Bless each of you during this time of loss. The Ward girls - Joann, Peg and Robin of Winona.

“ I just received word of your mom's death. What fond memories I have of your mom. The wonderful sleepovers at your cabin, and coming to your home in Hanoverton. She was a fabulous storyteller. Time passes so quickly. Wisconsin was a very favorite place for your mom. So glad she was able to spend her last days living there. Peggy Hill

“ So sorry to read about your mom, she was a good person. Your dad delivered both my girls April and Candy and as a young mother in the 60's, your mom was always nice and helpful when i was in a panic over something. Her girls also babysat my girls, always sweet and polite, well taught by their parents.
