“ *Glenda was my aunt and I loved her and will miss her. How she lived her faith was and always will be an inspiration to me on living a life of love and service. Glenda was so very loving, selfless and caring. She had so many gifts and talents but none greater than her generous and loving spirit. She fiercely loved the lord, her family, and everyone she connected with. Her light shines brightly for eternity. My heart aches for her family and all of us who will miss her, but rejoices for her everlasting peace.*

“ *I was blessed to meet Glenda through our appreciation of organic food. We met at our local coop and eventually I shared my interest in dairy goats and sheep with her. She was in our spinning group and loved fiber arts as I did. She was a hard working woman and a wonderful mother. She touched so many lives and will be fondly remembered. I lost touch after moving from the area, my heart is broken for her family. My whole family sends our condolences and prayers. Jean and Gary Francis*

“ While we had not seen Glenda in years, we remember her as a dear, sweet soul. Her soft-spoken words infused with genuine kindness made her someone who would always hold a place in your heart. Regrets now are for how easy it is to lose touch with people. Life is short, and, then, one day, there is no more time. Glenda was one of God's cherished daughters, and the crown of glory she now wears is her blessed inheritance. May the members of the family be comforted knowing that she is in a far better place than this world of sin and tears, where so many now are struggling and suffering. We will take our turn at passing this life and see you on the other side.

“ We were blessed to have Glenda as a wonderful sister-in-law. She was a good example of how people should live. She lived her faith always, and you felt her spirit when you spent time with her. She truly loved the Lord and her family. When Glenda took on a task she always did it with the very best of her ability. Glenda was outstanding cook and appreciated wild game and fish. Glenda and Dale taught me how to harvest wild rice. I think it was the most peaceful time of my life. (except for the worms that fell into the boat and on you.) Glenda we are very proud of your life, and may God's blessings be upon you. Love Sue and Rick Dumproff

“ *I met Glenda when working as a nurse in the Obstetrics Department at HYMC, It was 1981. We had just moved here from the Chicago area and I remember her friendliness and admired her skills.. After i left my job there, I often bumped into her over the years in our then, small community. In fact, I had a Golden Retriever at the time, who ended up having a litter of puppies. Glenda welcomed one, the only one who didn't look like a retriever; and he got quite big! She invited me to come and see him and I was actually afraid of him! He was called "Gallager" and he lived a long life in her loving home. We both moved on in our careers, as Glenda became a teacher and I moved on to Counselling. I would see her at local events and we would try to catch up. Then, after I retired, I applied to work at the Cheese Board and, she became my boss! We often talked about meeting for coffee but, unfortunately, life intrudes, and we never did, Our paths still crossed tho and I would see her at Quick Trip or the Cheese Board and we would chat about old times. Glenda loved the Lord and remained faithful to Him throughout her life. I know she is enjoying heaven and her hard earned rest. God bless her family as they mourn her loss.*

“ Many condolences to your family. My time with Glenda was limited but meaningful. I loved her sweet, tender nature. Her ensuring that Uncle Bill could attend my wedding right before his death was a cherished gift to many of us. She introduced me to Holy Hill and it was magical, now a favorite place of mine. May you all be comforted at this time and cling to the opportunity to be together again. ❤️

“ Glenda was a good friend. Not so much through words, but through her example, she showed me how to become a better person. We shared a love for gardening, so we took fieldtrips to public gardens in the summers and oohed and aahed together over God's beautiful creations and the ways gardeners combined them into colorful patterns. I've always felt that Glenda was one of God's beautiful creations, one of those lovely flowers in his garden.
