“*Jack Majewski; he touched so many with kindness, wisdom, quiet leadership - a model of contributory citizenry. It was such a pleasure to meet Jack when we moved next door...he was a very close friend of Paul Doerr the previous and one could feel the goodness that had been between the two. Jack and Lynn...quite the team, pillar of resolve; our neighborhood on Deer Trap is a much better place for it. Heartfelt blessings and continued strength to Lynn and relations. Love, Ted and Karola Mayer*
