“ I knew Jeff during the days as the manager of the Minocqua Ben Franklin, which had been located in an old store downtown. The store leased a larger newer space several miles away, and Jeff moved much of the store inventory himself with his Ford TBird and a small trailer. A tireless worker and a kind man. Always enjoyed seeing him around the store and around town.

“ I am so saddened to hear of Jeffs passing. I can only remember him being at one class reunion. I was hoping to see him again. In high school we went to the Sadie Hawkins dance together. He was a really nice person. I enjoyed our talks.
