“ Joey... I already miss your daily messages of how your day was going,good or bad, your many struggles Re:dialysis and the difficult changes that you made,along with your constant and continued fight,day after day,just trying to do the very BEST you could do for yourself! Giving up the “ party scene”, but NEVER complaining about giving those habits up. instead , grasping a hold of trying to be the healthiest you could be,while suffering a debilitating illness. The generosity of donating one of your own kidneys ,out of love,for your sister,Lori,whom you now join in Heaven above, along with your Mom,Sharon, and my brother,Scott,(whom, I’m sure,has greeted you with open arms), your sweet little nephew, Jordan, and many other family members and friends. You will be sadly missed ny many! May you rest peacefully. I thank you so very much for being able to “ friend you”, and get to know you via Facebook. My only regret, is to not know you personally face to face. My sincere prayers go out to your family and I pray that your family can one day be allowed comfort during there grief and your loss, along with the multiple losses they have been forced to endure!
