“ *My family & I would like to extend our heartfelt condolences to the Clark family. I have not seen John for years but remember his love for sports. I recall lengthy conversations about the Brewers in the 80's and John's knowledge and passion was astonishing. John will be missed! Our love goes out to the Clark family.*

“ I will always remember John as the rough and tumble boy who I looked up to growing up. John was strong and fearless, with a heart of gold. We had many adventures too numous to tell. I will forever remember long lazy summers exploring the shores and trails of Lake Kawaguesaga with John and Bill. The hundreds of football, baseball and basketball games we shared. The tresels we climbed, and trails we followed and all of the hours we fished, swam and hunted. As a boy I had hoped it would never end. Life isn't fair.

“ Growing up, John was one of my best friends. I spent hours just laughing with him. Fishin is his Dad's ice fishing shack in front of their house in Kawagasaga. Sailing, in one direction only because we never learned how to tack into the wind. Pplying flashlight tag on our snowmobiles, and so many other memories. I spent more time with him than any of my other friends in school. I have always regreted that life took us in different paths and that years would pass between our seeing each other. My hope is that when his time came, he crossed over gently and was reunited with his parents on the other side. Farewell my friend and thank you for your friendship.

“ I was very saddened when my brother informed me of John's passing. We grew up through the yard from one another and we were all very good friends. Tom, John, Billy and I spent countless hours together doing all those wonderful things that kids used to do in the days before the technology era. I will always remember John fondly. I send my heartfelt sympathy to the rest of the family.
