“*Karl, a great friend and mentor to me. So many great memories from when living in Woodruff and Lake Tomahawk, time missing for a while and connecting again. For many years we talked every morning sharing our daily things going on. Fishing, hunting, talking about today's problems and trying to solve them, such a special friend and wishing at times we could have taken some fishing trips. Karl, telling me how proud of your family of kids, grandkids and great grandkids. Your accomplishments, keeping me in touch with NASCAR what a fan you were.....Odie, your pooch! Past pups so close too you with all your hunting adventures not only in Wisconsin but the Dakota's. The farms in the Dakotas' and Horicon...your hunting and fishing partner Russ.....Memories so many memories and we'd talk about the area. Many people never have a special person they can talk about but I was so fortunate. Karl, missing our calls each day and telling each other what our supper was, with what's going on in this world today and so Blessed~ Karl you will always be in my thoughts each and everyday, be Blessed and keep smiling! Marty and Becky.....*
