“ I have so many memories. With him and Karen... They were pretty much my 2nd family growing up. He was talented very.. at alot of things.. Whenever I hear Kiss... I always think of him and us all hanging out in the basement ...

“ It's been so long since I'd seen Kevin last... My clearest memory is playing music together as a "band" in his basement with Mike F. on drums. Usually a Metallica song. I recall everyone asking him to play his best solo and just watching him play that guitar. My thoughts go out to all of his family and closest friends.

“ *The sweetest memory of my brother, we were 8 and 11 years old playing nerf basketball in the basement (one of our favorite things to do). My sister told us the house was on fire. Instead of freaking out he made sure I had boots and a jacket on, and held my hand all the way to our neighbors house. Please, don't get me wrong, I was his little sister, and he messed with me a lot, we also were in cahoots with a lot of things. However..... this will always be my sweetest and favorite memory of him/us. Thank you. Karen Malek*
