“ Hi to family of Kim, I am not sure if this is the Kim I knew, I am hoping it isn't, but afraid it might be because she would have been around this age. I got to know Kim when she was in a foster home in Scandinavia WI., she was not my foster child but stayed at my foster home a number of times. I truly cared for her and we developed a great friendship. My condolences to the family of Kim & especially her daughter.

“ My mom was the best. She had her ups and downs but everyone loved her. I will say me and her didnt have the best relationship, but when we both came around I couldnt ask for a better mother than her. I will cherish the last few months she was here cause thats what changed me the most. She will always be here with me and I know this cause I dont think I could handled this without! I love her to the moon and back and back again!
