

Linda Jo Jensen

November 6, 1951 - July 5, 2022

Linda Jo Jensen, 70, of Saint Germain, passed away at her home on July 05, 2022.

Linda was a devoted wife, mother, and grandmother. She treasured the time she spent with her family, and enjoyed over 51 years with the love of her life. She welcomed the role of a military spouse, and supported Gary and their family through his many deployments. Together they enjoyed fishing, traveling, cheering for the Brewers, and spending time with cherished friends. A trip to Hawaii held many special memories.

Linda's three grandkids were a special light in her life. She taught them how to make lefse, bake, and do crafts. She loved watching them cheer, dance, or play ball, and enjoyed hearing about their adventures. She would often share a picture of her grandkids, and tell everyone that they were her "best medicine."

Linda was preceded in death by her brothers Harold, David and Donald Nelson. Linda is survived by her husband Gary; sons Craig and Brian Jensen; sisters Barbra Parpart and Karen Madrigal; her beloved dog Archie; as well as several nieces and nephews and many good friends. In lieu of flowers the family asks for donations to be made to the ALS Association.

“ Linda was my baby sister. She will always be my baby sister. We had such a wonderful childhood growing up in the Burke Station neighborhood. We were the lucky ones with a barn where we could play in the hay mow and Linda could have fun with her kitties. Linda's heart was as tender as the kitties she loved so much. We had a big yard to play in and our creativity ran wild. I am sadly realizing that only the two of us were left to remember the childhood we shared. I will have to write it all down so I don't forget and so that her kids will have that history. I miss her already but her new life is wild and free as her childhood was. I will be looking for her in every tree, star and moon. The veil between us is so very thin.

“ Last year when we were doing our Nelson family history, I asked Linda to write about her memories of growing up Nelson. Linda and I shared this history of growing up on the farm. Her memories are my memories. I will always remember Linda as Sunshine as she brought so much of it to us.

This is what she wrote:

Growing up on our farm was great. We had the best snow slide track and after a rain we knew where the best puddles were. Doors were never locked and even though I knew mom didn't want cats in the house that didn't stop me. That never ended well. We had a wonderful garden and that gave us a love of vegetables. The best part of growing up with our family is the love we all have for each other. We were blessed with wonderful grandma Vanderhoef. She taught us how to bake and spending time with her was always fun. We had to have saved enough stars on the calendar to get to stay with grandma. I wish I could have met my paternal grandparents.

“ Linda and I were best friends junior and senior year in high school. She was a joy to know and we did get into some mischief at times. She was my maid of honor at my first wedding. I have so many memories I can't count them all. Rest in peace friend.
