

Mary Beth Johnson

March 9, 1956 - November 27, 2020

Mary Beth Johnson, AKA Nurse Johnson from Wisconsin, passed peacefully in her sleep on November 27th 2020. Mary had an Adventurous outlook on life. She loved to travel and meet new people. From Florida to Cozumel, Guatemala, Cayman Islands, South Dakota, and Ireland. She sang her way into everyone's heart. Knowing Mary Beth was to love her as she was loved by so many. She was a selfless, giving and kind hearted woman. Mary Beth loved helping people more than anything which made her the best nurse. Work friends always became family. She loved her family more than anything. She was the proudest Mom to Melissa and Grandma to Skylar. She also leaves behind her brother James (Jimmy) and her sister Kathleen (Kathy), her niece and nephews, Luke, Sara and James. She is preceded into heaven by her parents and her sister Joanne. She also leaves behind many many very close friends and extended family whom she loved very much. To keep everyone safe there will be no funeral service. Instead a Celebration of Life will be held in spring/summer of 2021 - date to be determined. Link for the Johnson Family's Gofundme page is: [gofund.me/e72ebf39](https://gofundme.com/e72ebf39)

“ *Meeting at the Thirsty Whale for an "on call buddy" fish sandwich. Bursting out into song at even a hint of lyric that someone may have spoke. Doing her check list with diligence and care. Always willing to give advice. The best trip advisor around. Patient, caring and kind. Missing her dearly. Fortunate to have known her.*

“ From the early days of Wausau Hospital (Aspirus) to the Marshfield Clinic ASC in Minocqua, I always sensed it'd be a good day when working with Mary Beth. Not only was she the most kind hearted and caring nurse but a pure joy to work with as she sang along beautifully to literally every song on the radio while functioning as an excellent OR nurse.
Rest In Peace my friend.....until we meet again!

“ Mary Beth had an infectious and reassuring smile. She could ease the worry of her patients and brighten a co-worker's day. Her nursing skills, standards and demeanor epitomized what this profession is all about. We appreciate and admire all that she has done, and she is sadly missed. Whoever was able to cross her path (patient, peer, friend) has been truly blessed.

“ I, along with so many others, am so saddened at this huge loss. Reading her obituary I had to smile as it spoke so true as to who she was! Mary Beth was the BEST, without a shadow of doubt! I had the privilege of working with her for many years at Howard Young and loved every moment when I saw her. I also had the privilege of hand picking my surgical team many years back for some surgery. I had requested Mary Beth for my nurse and America for my surgical tech. As nervous as I was for that surgery I can say they were the greatest team ever and made it all so much better. I could not have been in better hands! It was both an honor and privilege to know Mary Beth and her loss will be felt so deeply by all who were blessed to know her!

My heartfelt sympathy to her family and friends.
