“ *Patty was a dear friend from Glendale and Nicolet High School. We had many adventures together. We shared many friends and usually stayed off the radar.*

Even though we had not kept in touch over the years, Kitty, Ruthie, and I met Patty again half way between St. Germain and Milwaukee a few years ago.. We spent a great weekend together. We are so glad we did! I will always cherish memories with her. My deepest sympathy to her family, and all those she touched with kindness, love, and of course humor. Sincerely, Roberta LaMalfa Glomski. May God Bless and keep her.
