“ Ruth (please share this with Karl), I was filled with deep sorrow for you and Karl when I heard of Paul's passing. I am grateful for the many happy memories of "the boys" and how they put up with the pesty little girl down the beach/down the road. They taught me how to slalom ski and had patience of saints. I cannot even begin to imagine the pain and loss you must be experiencing. Please know that I care deeply and my thoughts and prayers are with you.
