“ We were so fortunate to have been able to visit our great Uncle Bob before his passing. Though we hadn't seen him in years, he greeted us with a big smile and wanted to know all about our families. He still had a twinkle in his blue eyes and lit up when talking about the a Packers and Brewers. We have fond childhood memories of Uncle Bob filled with kindness and generosity. Now is at rest with his wife and family members who went before him. Thank you for all the M&Ms Uncle Bob!
With love, Lisa and Jennifer
