“ Robin genuinely changed my life. She was my GM at the holiday inn in Salem. She was always on the go with new and creative ideas and always encouraged us to do more than we thought we could do. I learned so much from her in a short amount of time. She gave me confidence and showed me that I deserve to be valued as an employee. When I told her I was moving out of state we cried and laughed at each other for crying. She was an amazing human and an amazing boss. I compare any boss I have now, to her. She set a high bar. I will never forget the time I got with her and the difference she made in my life and others.
