“ Sharon was a teacher at the Milton Middles School many years ago. I was lucky to have crossed paths with her as a student at the school. She was always the best teacher, the teacher that made a special place in my heart, forever. I have thought of her a lot over the years and have occasionally kept in touch with little messages on Facebook. I'm so very sorry to hear of her passing. She will forever be your angel.

“ I loved talking with Sharon, I never tired of her stories and experiences she shared. I would call her and tell her I needed my Sharon fix and we would talk for hours. Several of her stories she frequently told were of her love of teddy bears and her travels with her daughters and their times together.

*Sharon was such a beautiful person inside and out.*

*My heart just aches for you Ken. I am so sorry to learn of her passing.*

“ Erin, Kari and Ken: so sorry to see you have lost your lovely mom and wife. She was a lady who loved a good conversation, her family and having fun. I'm glad you have such wonderful memories of her to carry with you. I'll remember first meeting her holding onto Lulu and telling me to run quick, that and the Blue Goose (at least I think you called it that). Prayers for you all during this journey. - Bridget and family
